Important Information

Outings:

Picnic at The Park: We'll be venturing to various nearby parks to savor the pleasant weather while having lunch and immersing ourselves in the beauty of nature. A sack lunch is required.

Money Management: Each Friday clients from a set class can be chosen to attend a shopping outing. Groups will be decided the day of, **No advance sign-ups will be held.** Participating individuals will vote on the desired location. (Walmart, Aldi, Kroger, Dollar Tree...). Clients are responsible for handling their own money and making purchases. Staff will help assist with budgeting and counting as needed.

Bowling: We will be going to Max Bowling in our new smaller groups to enjoy pizza & bowl. Clients can bring their own lunch if they wish. Sign-up is still required, first come first served. The prices will not be the same as before and will be going up. Exact price details will go out shortly as we are still working with the bowling alley for the best deal.

Why the price change? – In the past we were not charging enough to truly cover the cost of each bowling trip, food & gas. Also, we are not receiving the same discount deals with the smaller groups. These smaller groups are however necessary to allow an equal chance for all individuals to attend, minimize outing cancelations, & to better allow staff availability to run our other Program Activities.

Buc-ee's: We'll be venturing to Baytown Buc-ee's then having a picnic lunch at a nearby park! Money is not required to attend, however if clients wish to bring their own money to make purchases they may. Due to the nature of this fieldtrip, we may not be able to accommodate all of our clients. We do plan on eating at a park, so a picnic style lunch is needed.

Starbucks: We will be visiting our local Starbucks to practice money skills & enjoy some tasty treats and/or drinks. Clients are responsible for handling their own money and making purchases. Staff will help assist with budgeting and counting as needed. Due to the nature of this fieldtrip, we may not be able to accommodate all of our clients.

Vocational Training: This Program is designed to help individuals interested in obtaining jobs to learn and build valuable skills in an onsite practice environment, as well as off-site opportunities to train in real workplace environments. Interested clients can meet with our Vocational Manager, Donald (DJ), about joining the program.

BLOOM FITNESS: Our favorite workout program is restarting Mid-November. There will be new rules, releases and sign-up that will go out shortly.

Save The Date

HAPPY THANKSGIVING!: We will be having our yearly Friendsgiving Feast & November Birthday Bash Wednesday, November 22nd! We will be celebrating with Pizza entrees & are asking families to help bring in baked goods of any kind for dessert. To Volunteer or for questions please contact Erin at emalerba@villagelac.org
